

Sesh Space Legal & Trust Center

Sesh Space Terms of Service

Private • Social • 21+ Only

Effective Use	Platform policies for app and web
Retention	Feeds 14 days / Messages 24 hours
Support	support@seshspace.com

Important: Sesh Space is privacy-first. Short retention and end-to-end encryption reduce what can be reviewed after content expires. Users should preserve screenshots for reports.

1. Acceptance of Terms

By accessing or using Sesh Space, you agree to these Terms of Service. These Terms form a binding agreement between you and Sesh Space concerning your access to the app, website, and related services. If you do not agree to these Terms, do not use Sesh Space.

2. Eligibility and Age Requirement

Sesh Space is intended only for individuals who are at least twenty-one (21) years old. You represent and warrant that you meet this age requirement and that your use of the platform is lawful in the place where you access it.

3. Compliance With Cannabis Laws

Sesh Space is not a license, shield, or substitute for legal advice. You are solely responsible for understanding and following all local, municipal, county, tribal, state, territorial, and federal laws that apply to cannabis, hemp-derived products, paraphernalia, cultivation, transportation, possession, gifting, sale, promotion, and use. If your jurisdiction restricts or prohibits cannabis-related activity, content, transactions, or coordination, you must not use Sesh Space for those purposes. Sesh Space does not authorize, broker, fulfill, or guarantee that any user activity is legal.

4. Nature of the Service

Sesh Space is a privacy-first social platform with temporary feeds, encrypted messaging, location-aware community features, strain reference tools, optional business listings, and optional sponsored content. Feed content is designed to expire automatically after approximately fourteen (14) days. Private messages are designed to expire automatically after approximately twenty-four (24) hours. Because the service is intentionally designed to minimize retention, some content may be unavailable, unrecoverable, or impossible to review after expiration or deletion.

Pinned posts, staff notices, legal notices, admin records, account records, abuse reports, business listings, and other operational records may be handled differently where needed to operate, secure, document, or comply with the service.

5. Advertising and Sponsored Content

Sesh Space may include sponsored listings, advertisements, sponsored feed placements, sponsored SeshCircle placements, verified business profiles, dispensary listings, campaign dashboards, or other promotional content.

Sponsored content may be provided by dispensaries, cannabis brands, cannabis-adjacent companies, or other third parties where permitted.

Sesh Space does not endorse, guarantee, or verify the legality, quality, safety, pricing, availability, accuracy, or suitability of advertised products or services. Users are responsible for evaluating any third-party offering and complying with all applicable laws. Advertisers are responsible for ensuring their claims, promotions, targeting, and offerings are lawful in every location where they appear.

6. Third-Party Listings, Suggestions, and Services

The platform may display dispensary listings, maps, business profiles, directions, user-submitted suggestions, external links, phone numbers, websites, and third-party information. These are provided for informational purposes only. Sesh Space does not operate dispensaries, facilitate transactions, act as a broker or intermediary, process cannabis sales, or guarantee that any listing is current, open, licensed, accurate, or lawful.

Users should independently verify a dispensary, business, address, license status, product availability, hours, and legal requirements before relying on any listing or traveling to any location.

7. Account Registration and Security

You are responsible for maintaining the confidentiality of your account credentials, for all activity occurring under your account, and for promptly notifying Sesh Space of any suspected unauthorized use. You agree to provide accurate information and not to impersonate another person, business, organization, dispensary, brand, or staff account. You may not create an account for someone else without authority.

8. Privacy-First and Encryption Model

Sesh Space is designed not to use behavioral tracking, profiling, private message content, or cross-service tracking for advertising or data sale. Private messages are end-to-end encrypted. This means Sesh Space does not have ordinary access to message content and may be unable to retrieve, restore, or inspect message contents even when a complaint is submitted. Users must understand that privacy-first design reduces platform visibility into communications and limits retrospective investigation after content has expired.

9. Demo, Preview, and Invite Links

Sesh Space may provide demo, preview, social-preview, sales, company, admin, support, or invite-only demonstration modes. Demo and preview modes may simulate account roles, interface behavior, campaign examples, locations, posts, profiles, or other features using mock or sandbox data. Demo links may be time-limited, revoked, or made unavailable at any time.

Demo access is not a production account, does not guarantee continued access, should not be treated as a private user space, and may not reflect every current production feature. Sesh Space may restrict, expire, or revoke demo links to protect the platform, users, or business interests.

10. Administrative Access and Moderation Authority

Sesh Space may use admin, support, sub-admin, sub-support, staff tools, moderation tools, action logs, account removal tools, email ban tools, report queues, push notification diagnostics, and other operational controls to operate and protect the platform. Staff tools may allow authorized personnel to review limited account information, enforce policies, restrict features, remove content that is still available, remove accounts, ban emails, review reports, manage suggestions, and document actions.

Administrative access does not override end-to-end encryption. Staff may be unable to read encrypted message content or recover expired content. Staff and sub-admin actions may be logged for accountability, troubleshooting, security, and enforcement review.

11. User Content

You retain ownership of content you create and share, subject to the rights necessary for Sesh Space to operate the service. By posting content, you grant Sesh Space a limited, non-exclusive, revocable-rights-as-needed license to host, display, process, transmit, moderate, secure, and delete that content solely for the purpose of operating, securing, enforcing, and improving the service. You represent that you have the rights needed to post the content and that doing so does not violate law or third-party rights.

12. Prohibited Conduct

You may not use Sesh Space to harass, bully, threaten, stalk, impersonate, exploit, deceive, extort, dox, or otherwise harm others. You may not post non-consensual intimate imagery, child sexual abuse material, threats of violence, hate-based abuse, malware, spam, phishing content, fraudulent schemes, unlawful sales solicitations, prohibited advertising, illegal transaction coordination, or content that infringes intellectual property rights. You may not circumvent security features, scrape the platform in an unauthorized way, interfere with platform availability, or attempt to decrypt or intercept communications that are not your own.

13. Moderation, Reporting, and Evidence

Sesh Space may investigate reports, enforce these Terms, and take action including warnings, content restrictions, suspensions, or permanent bans. Because feeds expire and messages are encrypted and short-lived, users who want misconduct reviewed should preserve evidence immediately, including screenshots, usernames, dates, times, and context. Sesh Space may be unable to act on unsupported complaints when the relevant content is no longer available.

14. Location-Based Features and Maps

SeshMap, nearby-user features, directions, dispensary listings, and location-related tools may use approximate, rounded, obfuscated, or user-controlled location information. Location features are provided for convenience and community discovery only. They are not safety tools, emergency tools, legal verification tools, or guarantees of accuracy. Users should not rely on location features for safety-critical decisions or legal compliance.

15. Account Suspension and Termination

Sesh Space may suspend, restrict, disable, or terminate access at its discretion where it believes a user has violated these Terms, created risk to others, exposed the platform to legal or security harm, submitted false information, abused reports or appeals, violated advertising rules, or used the service in a manner inconsistent with its intended operation. We may preserve limited account records as reasonably necessary to document enforcement decisions, comply with law, prevent abuse, or protect the service.

16. Intellectual Property

The Sesh Space name, logo, iconography, design elements, software, demo materials, policy documents, guides, platform materials, and related brand assets are owned by Sesh Space or its licensors and are protected by applicable law. Except as expressly allowed, you may not copy, adapt, reverse engineer, distribute, publicly display, use for advertising, or create derivative works from protected platform materials.

17. Disclaimer of Warranties

To the maximum extent permitted by law, Sesh Space is provided on an "as is" and "as available" basis. We do not guarantee uninterrupted availability, permanent data retention, successful delivery of every message, complete

accuracy of listings, availability of advertised products, legality of third-party offerings, freedom from all defects, or that all content reported by users will remain reviewable. Use of the platform is at your own risk.

18. Limitation of Liability

To the maximum extent permitted by law, Sesh Space and its operators, affiliates, officers, employees, contractors, and licensors will not be liable for indirect, incidental, consequential, special, exemplary, or punitive damages, or for loss of data, profits, goodwill, or business opportunities arising from or related to the service, including from user conduct, expired content, unavailable evidence, security incidents beyond reasonable control, third-party listings, advertising, maps, directions, demo access, or content you encounter through the platform.

19. Indemnification

You agree to defend, indemnify, and hold harmless Sesh Space and its operators, affiliates, officers, employees, contractors, and licensors from and against claims, losses, liabilities, damages, judgments, settlements, and expenses arising out of or related to your content, your conduct, your advertising, your listings, your use of Sesh Space, your violation of these Terms, your violation of law, or your infringement of any third-party rights.

20. Dispute Resolution and Governing Law

To the extent permitted by applicable law, disputes arising out of or relating to Sesh Space will be resolved through individual, binding arbitration, and not through class or representative proceedings. If arbitration is unenforceable in your jurisdiction, the dispute will be resolved in a court of competent jurisdiction. These Terms are governed by applicable United States law together with the laws, regulations, and consumer protections that apply in the user's jurisdiction. Nothing in these Terms removes non-waivable rights you may have under applicable law.

21. Changes to the Service and Terms

Sesh Space may update the service, its features, policies, advertising rules, or these Terms from time to time. When material changes are made, updated terms may be posted in-app or on the website with a revised effective date. Continued use after changes take effect constitutes acceptance of the updated Terms.

22. Contact

Questions regarding these Terms may be directed to support@seshspace.com.
